Submission: I object to the increase in Seniors fares.

As I have paid taxes for 50 years I have been part of the purchase of assets purchased by the NSW government during that time. Many of these assets or developed businesses created revenue or paid dividends into the NSW budget, partly paying for public transport.

These assets have been sold and on income is now received reducing the NSW budget income.

Increasing the fares to cover this incompetence is both unfair and causing me to be double taxed.
