Submission: Had a discussion with a friend and read part of the proposal.

Currently I travel from Umina in Central Coast to Maroubra to work. Use up \$15.00 per day. (\$60.00/week) I value the free rides on a weekend. (I don't drive)

But to have this proposal implemented it will - discourage me from travelling on weekends

If the fare goes up to \$65.00 per week (Monday to Friday) + \$7.50 (Saturday to Sunday) that is a total of \$72.00 for a 7 day-week. Too much for a part-time worker.

I maybe only speaking for myself, but I'm sure there are others in the same situation.

But it seems to me this is-

-Discourage to travel using public transport

-Will have an impact on my social activities on weekends

-complicated and stressful especially when the card doesn't work or stolen.

-this has no consideration at all to the customer.
