Submission: I feel we were forced into the opal card system .We were not given a choice. Where is the democratic right of individuals? Now you want to increases fares on system that is full of errors, defects and not too mention who pays for the time we need to spend on busses. It an average of 21 hours , it like a same as having a part time job who is paying us for that time? So not only do you what to increase your fares but also we need to have 12 -15 hour days at work so that we can avoid paying peak fares .Your systems are flawed, your infrastructure is incapable of providing a service and now you want to increase fares?Not too mention we are forced to stand on buses for 45 minutes whilst we commute to and from the city. Who will pay for medical bills that we incur for standing? Buses that squash human beings as sardines in a can!!! We are fed up!! Adelaide O-Bahn is more efficient you will ever be. Commute time is average of 12 minutes to and from he city. 18 kms from tree tea gully! It's a smaller state than NSW where is the 1st world transport system NSW? TRAFFIC JAMES TRAINS CANCELLED
