Submission: I DO NOT in favor of this draft report for the following reasons:

- Most people, as far as I known of, uses ONLY Sydney Trains system during the peak hours in weekdays. I DO NOT see any benefits this could bring to the major population.

-We currently have some REALLY OLD trains in service. It is an obviously unpleasant journey with these trains as they are extremely noisy and some even DO NOT HAVE AIR-CON!! People are paying the same fare so they SHOULD have the same standard of service!! Now again you want to increase the fare without improving the service, is rediculous.
