Dear Minister,

I would like to express my greatest disappointment and disgust at a 360% increase in my future usage of Opat card.

As a self-funded retiree who saved all my life for my old age, I am now discriminated against in every way. I have never had a well-paid job, but always been self-sufficient.

Why do wastrels get all the assistance? So many of us will now be forced to give up volunteer work to save \$9 travel fees.

Perhaps \$5 would be more suitable, and keep voters on side, and still keep us active and contributing.

Yours sincerely,

We will drive more!
