Submission: I am a self funded retiree since being made redundant at the age of 61years. Since then I have been a volunteer at Chris O'Brian Lifehouse in Camperdown. I rely on the Seniors Opal card to get me to and from Camperdown. With the proposed increase I will not be able to afford to volunteer on such a regular basis. I have worked and paid taxes for many many years and now as a self funded retiree I have never being a burden on tax payers. I am not a wealthy person and my Opal card is a a great bonus in my life enabling me to volunteer, shop and visit family. It makes me very upset to think that I will lose some of this freedom.
