Submission: Dear Sir

I am extremely disappointed by your mean spirited attitude towards our fares.

I am a self funded Senior.

For 50 years I worked, saved and did things in moderation to avoid drawing the Government Pension. I have for 8 years

resisted the invitation to arrange my finances to entitle me to a part pension.

I don't get any pensions or concessions for Rates Car registration etc. Not even a lousy fishing licence. All I seem to get is a book of businesses willing to give me a special deal because I am a Senior ! (Shop around and you will often find better deals)

NOW YOU WANT ME TO PAY \$9 TO CATCH A BUS TO THE SHOPS.

You cant carry much on a bus if you are YOUNG so you have to shop regularly when you are a Senior.

I hope you cant walk in our shoes for a month and see what you think of the changes to the Self Funded Seniors.

Thank you for your time and help.
