

As a Vietnam Veteran who fought in the Vietnam war in 1966-1967 & served this country, (also wounded in the head & the right leg) as did my farther, uncle Charley & uncle Lyle, in the second world war, also uncle Eddy in the 1st world war, @ nearly 70 years of age, a Totally Permanently Incapacitated Veteran, I find the Liberal Government, attacks on the Tax Payer Pensioner & Veteran, as criminal, assault be it physical or mental is still a criminal act under the currant Laws in Australia, Menzies was the mongrel that got Australia into the Vietnam War, he wasn't getting shot at was he, than that mongrel Howard ,introducing the 65 scipt payments before Veterans medication is free, he wasn't getting shot @ either, now we have got that mongrel Breen attacking Pensioners& veterans re the bus fare situation, as a Veteran I have been offered a free Opal card, so far I haven't taken up the offer, to put it quite bluntly I don't trust the Liberals, in all Political Parties, their are some good Politiians but the majority are scum, we also had that mongrel Abbot attack the T. P. I.s Veterans pension, what war did he fight in, maybe if you got the tax of the offshore Corporations & proper tax of big business things might be a bit fairer
