Submission: Is this a Liberal conspiracy? Federal government changes pension cutoffs so that many people lose their small part pensions then we get hit with a double whammy by the state with potential loss of gold opal as well.

My taxes over 40 plus years of working paid towards much of the public transport infrastructure currently in use in NSW

IT IS UNCONSCIONABLE TO PUT MY COST OF PUBLIC TRANSPORT TRAVEL UP BY 300 TO 400%. As a single female parent my superannuation is already low due to breaks from the workforce and illness. I cannot afford such a loss of benefits that I earned as part of the workforce
