Submission: To Whom It May Concern

I write to OBJECT to the proposed changes to the current daily cap on the Gold Opal Card.

We are older Australians who have contributed service to our country through the tax payments we have made over the past 20,30 or 40 years and have a right to expect a modicum of benefits to help us maintain a reasonable standard of living throughout our twilight years. The impact of these proposed changes would financially impact our ongoing quality of life.

I respectfully request that you reconsider your position on this matter.

Kind regards,

David Alexander
