

Frank & Kim Johnson

To The Chairperson,  
& Part Review  
PO Box K 35  
Waymarket.

Dear Sir or Madam,

Re - Hunter Water Board Enquiry.

We wish to put forward a submission on behalf of ourselves & others in the Bellbird area with regard to Hunter Water Board.

This problem concerns the overflow of sewerage in front & back yards of this property, also the backup of sewerage in all of the household drains & the toilet. We are not the only people or property affected by this nightmarish situation. This has been occurring over a long period of time, years, & it happens every time we get heavy rain. This last storm situation earlier this year also filled the house with "rotten egg gas," that left us quite ill for a few days.

We have made that many phone calls to Hunter Water over this issue, even contacting 2 NHR a few times. Hunter Water makes "soothing sounds" in response but NOTHING is done.

26-4-15-Job No [REDACTED] was the first contact in this CURRENT run. We have spoken to [REDACTED], [REDACTED], [REDACTED] & [REDACTED] all staff at Hunter Water Complaints Department with no satisfactory outcome.

My husband & I are pensioners with chronic health problems. We are financially unable to move from this property, yet this situation is intolerable on every level.

Would your family like to live like this? I do not believe so. Meanwhile this problem continues, this is URGENT

yours faithfully  
Kim Johnson
