Dear John

This letter is to inform the minister that I hold the coal title to the below :

Lot 1 in deposited plan 1015206 (the lot)

By way of background the lot is for coal title which is the former lot 90 of the Avon subdivision. The original title to the lot was held by my mother who is now deceased and was obtained under coal ownership restitution 1990.

The former Lot 90 of the Avon subdivision has since been subdivided and is now referred to as Lot 11 in deposited plan 1015343, Lot 10 and part Lot 11 in deposited plan 1112778.

This property is now earmarked for coal seam gas production in AGL stage 1.

When this begins I feel we would be entitled to royalties for coal seam gas extracted from the coal title and also that these wells would interfere with the future Stratford coal expansion nearby.

I would appreciate a reply in relation to the above matters.

Yours faithfully

Ian Lowrey
