

Author name: J. Barker

Date of submission: Wednesday, 3 February 2016

Submission: I am against this proposal. Limited notice is an indication of deception as many self funded retirees are affected and will not have time to respond. The result will be more cars on our roads. As a professional person who has always worked and supported the Liberals I find this the last straw, I am sure I am not alone in this decision, so I suggest you start to listen to the Australians who have developed this Country.
