

Author name: J. Fraser

Date of submission: Tuesday, 28 April 2015

Submission: I seek to register my opposition to the current positioning of the sewerage/water utility for the following reasons:  
Proximity-Too close to the centre of the developing town chid pre school, shopping centre, church

Concern for breakages and overflow into Avondale Springs as indicated during recent storm

Break down plans ???? Hunter water support questionable!

Thank you
