Submission:

Country Energy has increased their rates by 33.7% over the period 13/5/10 to 15/11/11. From 29/5/09 to 15/11/11 their rates increased by 60.61%. How can you justify another increase? The above figures were taken from Service availability & KW/Hour rates on our bills. These percentages are way, way above the CPI and our pension increases. Even from 30/6/11 to 15/11/11 the increase was 18.55% !!!
