Submission: I would like to strongly protest against the building of a sewage/water utility at 617 Freemans Drive. I have lived in Cooranbong for many years. At present I am residing in the retirement village here at Cooranbong not far from 617. The amount of traffic at our entrance to Freemans Drive, opposite the shops, is extremely dangerous. I visit relatives regularly on Freemans Drive just past 617. To build a utility that size would have to cause a lot more traffic. Traffic lights were promised many years ago at the time of the North Cooranbong development but these have still not been built.

Also to build a utility of this size near the centre of a town directly next to and opposite existing houses, preschool and community centre and nearby church and shops is completely out of harmony with this historic little town.
