Submission: We would like the Opal Card left as it currently stands because other seniors like us credit all the walking groups we walk with each week in keeping us fit and therefore saves the Heath budget a lot of money.

All the Walking for Pleasure groups depend on the Gold Opal card as it stands to be able to get out and about and be proactive with our health.

Leave the Opal for Seniors as it is as enabling people to catch public transport SAVES MONEY

Please look at the Walking for Pleasure data base to see the hundreds that walk everyday

Your sincerely

Meg and David Watson
