Submission: Ipart Executive Committee

I would like to express my gratitude on your refusal to increase water rates in Wyong Shire. I am well aware they are now on a course for special rate increases and in light of this fact believe that the double whammy they would have imposed is both underhanded and unsustainable. The area around Warnervale floods with barely two drops of rain and in the 6 years I have been here no form of mitigation has been spoken of or provided. I am also not a public service employee and therefore have no recourse to ensure an annual pay rise. I for one am unable to keep sustaining these overblown increases and whether this govt admits it or not rapid job losses not included in their figures are causing serious fiscal constraint and growing concern.
