Submission: I cannot understand why the State Govt. would do this to self funded seniors. WHY? are state and federal levels of Government treating us with such deep and filthy contempt. Is it because we worked our backsides off, paid our taxes and mostly have been first class Australian citizens.

We deserve a pension because we have contributed thru paying taxes. The Federal Govt. says NO, the tiny amount that was given to us without any pension was taken from us June 2015 and given to someone more 'deserving'. What a bloody insult, now the State Govt. is looking to continue the kicking of self funded seniors. I respectfully suggest that Local, State and Federal Government politicians and employees forego some or all of their benefits such as we have to.

NO MORE VOTING FOR THE LIBERAL PARTY FOR ME AND I HAVE VOLUNTEERED FOR THEM FOR MANY YEARS BUT IT HAS STOPPED..
