Submission: To whom it may concerned,

I'm a pensioner who looks after my 3 grandchildren, because my daughter & son in law have full time job. If you increase Gold Opal fares & cancel free rides I wouldn't afford to do this. As result my daughter should leave the job, because the childcare very expensive now & next year cost will jump by 17%. If she leave job, she couldn't pay her mortgage & bank will take her house, she wouldn't pay tax, on contrary Government will need to help her family. It'll lose more than gain by this changes. How many grandparent in this situation? It's that how our Government cares about seniors in lucky country?.

Please don't change gold OPAL.

Kind Regards,

Natalia Mysliouk.
