As we are in our 70s, public transport is ever more important. We are currently unable to drive owing to illness. The current Opal Gold card enables us to shop, go into the CBD, meet relatives and generally enables us to enjoy life and not just exist as well as travel to our local hospital. With the changes to the bus routes from Balmain/Rozelle we often need two modes of transport per trip and we don't need to worry about multiple separate charges. \$2.50 per day opal card is a reasonable cost to achieve this.
