Submission: I think the proposed fare structure is a huge leap forward, it will be sad however to lose the \$2.50 Sunday travel for at least buses and trains, I understand ferries however need to be reigned in. I am strongly against however that bus travel is more expensive than off peak train and bus combined - this is ludicrous. Take route 961/962 for example - it would be cheaper to ride an off peak train from Miranda to Sutherland then bus to Menai rather than take 1 bus the entire journey. \$2.02 vs \$3.34 Or a pax from Castle Hill to Wynyard gets a discount in the off peak if they choose to ride a train to Central, paying less than someone who only needs to go to Wynyard? \$3.42 vs \$4.91. Please make bus and train fares TRULY integrated, no more loopholes!
