Submission: I am strongly opposed to this facility being built at the proposed location of 617 Freemans Drive, Cooranbong. I live at [REDACTED] in Cooranbong and I am in direct line of sight from the proposed facility. The 617 Freemans Drive property is approximately 120 m from my back fence.

I recognise that one arm of the North Cooranbong estate extends towards this property, however the main North Cooranbong development is further north and the site of this proposed facility is very central and close to existing residences. No assurance has been given to those of us who would not be connected to this facility as to what redress we would have if there was a failure with the system and this affected surrounding residents. This does not engender confidence.

If it is necessary to build this facility I would strongly recommend that it be built in an area where it will be surrounded by houses that will use the facility.
