Dear Dr Parry

**RE: NOTICE OF REVIEW OF INITIAL METROLOGY PROCEDURES**

Origin welcomes the opportunity to comment on the initial review of Metrology Procedures in NSW. Origin supports changes to the Metrology Procedure proposed by NSW Treasury. Of particular importance is the proposal in Section 4.8, which is represents a step closer to full cost reflectively of electricity tariffs. Origin firmly supports increasing the number of Controlled Load Profiles to better reflect the underlying costs of supply to Off-peak one and Off-peak two tariff customers. All four of the National Electricity Code objectives referred to in the consultation paper are satisfied by this proposal.

Should you wish to discuss this submission, please contact me on 03 96525506.

Yours sincerely
