

The Convenor,

Review of Rental for Domestic Waterfront Tenants
in N.S.W.

Independent Pricing and Regulatory Tribunal

Dear Sir;

I write to add my voice to the claims being made on the Department that waterfront Access Only property owners are being disadvantaged by way of right of access, and are in fact being discriminated against.

As a W.A.O. property owner at the above I have the same concerns as my neighbours, and those of W.E.A.R. Inc whose case is before your Review at present.

I trust that the grievances submitted will be given a fair hearing and will end in a just result.

Yours faithfully
W.J. Ramsey.
