Subject: RE: Possible Rail Fare Increase

Good Afternoon,

I writing to advise that I strongly oppose any rail fare increases. I take the train from Fairfield to/from Town Hall every weekday. The trains are usually dirty with sticky floors and often infested with moths, mosquitos, spiders & bugs. They are also overcrowded to the extent where there is absolutely no standing room, on many occasion I have waited for the next train (which is usually also overcrowded). Considering the level of service provided by Cityrail, I feel a fare increase would be unreasonable. Fares should not be allowed to increase unless the service standards are improved.
