Subject: 25% train fare increase disagreement/complaint

Dear Sir/Madam,

This is a formal complaint with regards to the proposed 25% increase in train fares. I completely disagree as the fares are already ridiculously priced in comparison to the services provided i.e. late, over crowded, unclean trains.

I have been pushed out of the way, hit in the head and stepped on by commuters trying to get off a crowded trains.

I have fainted due to over crowded and un-airconditioned trains.

I can go on and on in disagreement to the price hike however I am at work.
