Attention: Amanda Chadwick

**Re: Stakeholders Submission to IPART's Draft Determination of Bulk Water  
Prices for The NSW Office of Water (NOW)**

Dear Amanda

MidCoast Water has revised the Draft Determination and advises that we are reasonably happy with the determination. We will further discuss with NOW the costs of the gauging stations and MidCoast Water's monitoring of our Borefields to determine that we are being correctly charged.

Yours faithfully

**NEIL HANINGTON  
GENERAL MANAGER**
