Dear Fiona,

SUPPLEMENTARY SUBMISSION - SUPERANNUATION

The NSW TDA supports the IPART initiative of introducing Superannuation for taxidriviers.

Our understanding is that the IRC in 2006 agreed in principle to consider Superannuation for taxidriviers. But that the IRC is awaiting IPART advice on a quantum for Superannuation before it could make an Award.

Our understanding is that IPART needs to recommend a specific amount for the 9% Superannuation.

Whether such Superannuation is "self funded" or a Contract Award entitlement is a complex separate issue, perhaps suitably left for Regulatory Review examination.

Yours faithfully,

Ted Hirsch
