Proposed fare increase

Our rail system is a disgrace. Trains may run on time but are so **overcrowded** that I **do not believe that I should pay an increase for now having to stand up all the way** from Nth Sydney to Turrumurra and find much the same vice versa. Also, the trains are absolutely **putrid**. Do they ever get steam **cleaned INSIDE**? The **foul smell** in compartments given off from **filthy seats** and **floors** is really, really **obnoxious**. Our train system is a third world standard.
