

"Brendan Egan"

My biggest beefs:

1. 6-car trains during peak hour - particularly for trains to Penrith. Every day without fail I stand up with the other sardines until at least Strathfield.
2. Air-conditioning, or lack of. Even for Tangaras, I spend a lot of time standing in the area near the doors and the air-conditioning in Tangaras is virtually non-existent here - I have to try my best to stand in the aisle of the seated areas.

Thanks,

Brendan Egan
