Objection to increase in train fares

I object to the increase in rail fares because We, the public are held at ransom by Sydney rail because the trains are always late in every line. They seem to cover this up by saying that they "apologise for any inconvenience". Well the people of Sydney have been inconvenienced for the past (at least) 10 years. Sydney rail are not justified in increasing their fares unless they give good service which they have clearly not been providing.

There have been many times that I have had to take an earlier train to ensure that I am on time for work.

There have been many times when my train has been cancelled (for no apparent reason) and I have been stuck like a sardine in an overcrowded train.

Many times it has taken me over 90 minutes to get home instead of the usual 45 minutes, many times missing an appointment mainly with medicos as I make them after work because I need to work.

THERE ARE RATS IN THE UNDERGROUND STATIONS! (TOWN HALL AND WYNYARD) this is also a health risk.

And they have the hide to ask for more money.

I say IMPROVE YOUR SERVICES AND CLEAN UP THE RAT INFESTATION AND THEN MAYBE WE CAN TALK ABOUT INCREASES!!!!
