Train service

Hi there

I have been traveling on the trains for over 30 years and they are not getting any better. The train I catch in the morning is packed to the rafters and the only saving grace is that it is a tangara and it is airconditioned.

The afternoon train is not much better and it is a train that is very similar to the trains I was catching in the early 60's.

I cannot believe there is talk of any kind to increase to fares when the service is second rate. I feel sorry for the staff because most of them seem to be trying hard but the whole system is terrible. My journey is from Loftus to Central and most days there is some inconvenience.

Regards,

Lesley Barratt
