Fare Review

Good Morning

I have been a daily passenger from Campbelltown to Central for the last 18 years.

I do not see why there should be an increase of fares. Our service is pretty ordinary - the communication to commuters is really bad. The trains sit at Leumeah before getting into Campbelltown in the afternoons for sometimes up to 8min. - one cannot understand why this happens.

Why can't there be more express trains from Campbelltown to Glenfield and then next stop Central - the trains are full at Glenfield and the rest of the passages stand...

The other intriguing thing is why have about six police officers at one station to check tickets? Surely these services could be used elsewhere.

Dont mind paying extra if:

- the service is good and running on time
- trains are airconditioned and clean
- announcements are made when there is a delay
- do not bring in a 4 carriage train when the previous one is delayed
- security is improved.

Thankyou
