

I'm not sure if I'm too late to comment on this, but I would like to put my views across.

I do not agree that the CityRail prices should be increased. Two weeks ago, the train I caught from Wynyard to Macquarie Fields via the East Hills or Airport lines was late every day.

Last night I ended up catching a train via Granville because the East Hills line trains were delayed by up to 20 minutes.

I am also not happy with the timetable as it stands because of the fact that not all Campbelltown and Macarthur trains stop at Macquarie Fields. More times than not, Macquarie Fields is the only station missed from East Hills to Macarthur. It is very frustrating having to change trains or wait for one that does stop at my stop. I don't know why the East Hills and Airport lines aren't run so that trains going to Macarthur bypass all stations between Wolli Creek/Sydenham and East Hills.

Thank you
