Independent Pricing and Regulatory Tribunal of NSW  
Post Office Box Q290  
QVB POST OFFICE NSW 1230

Dear Members of the Tribunal

**Re: Energy Australia Proposal to Increase Public Lighting Prices**

Thank you for the opportunity to make a submission in response to the proposal from Energy Australia to increase the pricing for public lighting, by approximately 70% plus CPI over the next 30 months.

For the City of Canada Bay this represents an increase of over \$370,000 p.a. This increase will have a major impact on our Council and our ability to provide acceptable levels of service to our community.

Council is one of the 29 Council's in the Sydney Region participating in the Street Lighting Improvement Program administered by SSROC and has made a combined technical submission to IPART. This letter confirms our support for the content of the submission.

Therefore on behalf of the City of Canada Bay Council I wish to submit, in the strongest possible terms, the Council's objection to the proposal by Energy Australia to increase the pricing of public lighting.

Yours faithfully

Michael G McMahon  
General Manager
