Subject: Rail Fare

To Whom It May Concern,

I am writing to object to the submission by CityRail for an increase in fares.

I live in Pendle Hill and travel to St Leonards Monday – Friday for work. I believe the current cost of my weekly ticket (\$41.00) is more than enough to pay for a rail network that consistently runs late, demonstrates poor communication to commuters and frequently delivers dirty, un-airconditioned carriages.

I strongly oppose a fair increase unless CityRail can measurably improve all aspects of its so-called service and deliver a first class rail network.

Regards,

Joanne
