**Subject:** Price Increase of 25% Rail Corp

How the People of N.S.W are to find up to 25% rise in train Fairs? My Pay will not go up buy 25 % **it will be 0** so I will have to give up a job & my house!

Get the trains fixed like seats not standing for 1.5 hours wider seats leg room

Express means that.

Rail Corp do not understand the term .They run well near or on time But Express is another matter .they can let an exp pass an all stops we have the track now just planning is needed . So if they have more or longer train =more seats wider seats & leg room we are not all small people fix that then yes put up the fairs but to Do nothing and put them up is **Criminal**
