Re: Ferry Fare Review

From: Councillor Simon Menzies – Mosman Council

---

I object to commuter fare increases on Sydney Ferries operating between Circular Quay and Mosman.

- The current fares are high and a strong deterrent to use.
- It has only been 23 months since the last fare increase.
- A further fare increase will further reduce patronage and encourage motor vehicle use.

Should any increase be deemed necessary then I suggest a new fare structure whereby tourists pay a higher price and commuter fares are reduced.
