Subject: Submission regarding council rates

To whom it may concern.

I own a strip of land in Kirribilli.

It's approx 2.7 m x 30 m .

No house could ever be built on this land because of the width i.e. it's 2.7m across.

North Sydney Council charge me a domestic waste charge of \$224.00 for a service I'm not entitled to
Because no house could be built on it , rubbish cannot be collected from it. So I really don't
understand

How they charge me for this,

but they have made it clear to me that if you own any land in North Sydney Council you must pay this
charge .

Regards,
John Tauszik
