SYDNEY NSW 2000

Dear Mr Cox

I am writing regarding Jemena SPI Rosehill Network Pty Ltd's licence application under the *Water Industry Competition Act 2008* for the construction, maintenance and operation of recycled water network and associated facilities to deliver recycled water from Rosehill Recycled Water Treatment Plant to industrial customers in the Camellia and Smithfield area.

I support the granting of a licence to Jemena SPI Rosehill Network Pty Ltd subject to the following conditions:

- that as part of the subsequent submission to IPART (which will include the Water Quality Manual), the applicant demonstrate its plan to comply with the *Australian Guidelines for Water Recycling: Managing Health and Environmental Risks (2006)*, and
- that NSW Health be notified of any incidents of potential public health risk including significant deviation to water quality and unintended exposure to the recycled water (e.g. cross connection).

Thank you for the opportunity to make a submission. Should officers of IPART require further information, please contact Dr Hopi Yip Richardson at the Water Unit, NSW Department of Health on (02) 9816 0248.

Yours sincerely

John Della Bosca MLC
