

State Water Price Review 2010

Independent Pricing and Regulatory Tribunal

P.O Box Q290

QVB Post Office NSW 1230

Submission to IPART – Bulk Water Prices from 2010

I would like to object to the proposed increases in regulated surface water for the Peel River.

These increases will be extremely difficult to factor into our business considering the large increases that have already occurred in previous years.

Before any increases even look like happening I would expect to see an independent efficiency enquiry carried out on the STATE WATER and those findings implemented before any price increases are bought forward.

These proposed huge price increases would have a large flow on detrimental effect to the area including financial and Community health, we need to develop growth not inhibit it.

Yours Sincerely

Matthew McCarthy
